AUTONOMOUS VEHICLE EXPO

APRIL 16–17, 2022

SPONSORSHIP PROSPECTUS

info@avexpo.org

What is AV Expo?

The Autonomous Vehicle Expo is a student-run conference and hackathon aiming to spread awareness on the engineering, ethics, and policymaking of emerging Autonomous Vehicle technology. The event consists of keynote presentations from industry-leading companies, workshop sessions, and a hackathon competition.

Why sponsor us?

With our expected audience of 750+ attendees, you'll be able to connect with tons of passionate high school/college students from across the nation. This field is incredibly essential for the future and you'll be contributing to the learning of the incoming generation.

Where will your money go?

The money will go towards funding prizes, merchandise, and other technical resources required for the conference and hackathon to function.
